ON THE COVER:

Scouting Mission: Every good Bimmer drive starts with some careful planning. Where should we go? What should we do? Where will we eat? When will we go? Really basic stuff of course, but it makes all the difference when looking at bringing together an adventure for the Dining Club with a Driving Problem! First World problems, to be sure, and fun ones to address.

Living in the greater Research Triangle Park region means that we are blessed with easy access to many, many wonderful things. We also have an enthusiastic group of participants that are willing to do things both old and new. Recently, in anticipation of a future run “down the shore”, a group of 9 got together for a magical journey

ON THE COVER:

down to North Carolina's famed Crystal Coast for a look about. The driving schedule for '23 is actually pretty full at the moment, so this likely is something we'll actually pull off as a full group in Q2-24. You can't say we don't plan ahead!

The drive from Raleigh down to Bogue Bank is actually pretty easy. At some point, get on US-70. When you get to water, you're pretty much there! You drive past New Bern, Cherry Point MCAS, Havelock, then Newport. And then, suddenly, you are on the causeway that goes over to Atlantic Beach, a truly magical place that is well known to Tarheels ... and likely no one else. Which makes it perfect. Head a little south on NC-58 and you will find yourself in 1963. Well, OK, not exactly '63, but pretty darn close. In the little town of Pine Knoll Shores, you will find the Atlantis Lodge. This beach front hotel is still owned by the same family that bought the land in 1959 and opened their doors somewhat before the Beatles arrived in America. For the last 60 years this has been a family friendly, dog friendly, spot which welcomes weary travelers

who want to bury their feet in the beautiful white sand, walk on the wide-open beaches, place their

feet (or their souls) in the warm Atlantic waters, and relax. In fact, the Wi-Fi password encourages just that idea!

The forecast as we pushed off from home was not particularly attractive. It looked like rain almost every day over a planned 4-day adven-

ture. But the Bimmer was packed, the food was purchased, and a day at the beach ... even in the rain ... is a pretty brilliant way to "chill". The ride down was uneventful, and we successfully checked into one of our favorite rooms, with a view straight out onto the beach. This bank actually runs east to west, so the sun rises to the left, and sets to the right. You can sit in one spot and watch both, not that this was necessarily the goal. In any case, five minutes after checking in, the rains stopped, the sun broke out, and a delicious adult beverage made its presence felt. Clearly a great omen for things to come.

Since this is a family friendly spot, one of the accommodations to guests is a collection of gas-fired barbies that are available to everyone. So, in keeping with the idea of a restful weekend, we found ourselves as a group collecting hot dogs, shrimp, brats, sau-

Spring 2023 M Club Day

Big Fun @ BMW Performance Center!

What and Where:

- Each year, the Tarheel and National Capital BMWCCA Chapters sponsor major events at the BMW Performance Center in Greer, South Carolina. These events give us access to the facilities and the instructors at a remarkable location ... at a deeply discounted price. This school is a special program designed by the Performance Center staff specifically for our chapter members.
- The price (\$750 / person) covers the training sessions ... and the use of current model ///M Cars for the event. M2's, M3's, M4's and M5's were the highlight of the adventure in 2016, 2017, 2018, 2019 and 2020. We expect more of the same for the coming year. Best of all perhaps, is the opportunity to have a great learning and driving experience while using someone else's Gas, Tires and Oil!
- Remember the old adage that "no car is faster than a rental!".

When:

- The **spring** event(s) are May 6th and May 7th, 2023 (two separate events)

sages, chicken, corn, and baked beans for open flame cooking, complemented by salads, chips, and an array of beverages which made it both magical and ... surprisingly cost-effective! In addition to the great cooking facilities, the Atlantis also has a community room that anyone can use, and few ever do. So, we gathered with our meals, spread out at the wet bar, admired the pool and ping-pong tables, and simply enjoyed the chance to swap stories, remember trips of the past, and consider adventures in the future. And of course, we simply had to talk about both Bimmers and Beemers.

The collection of the cars on the trip included a stunning, new, M440i, a similarly new X3M40, an X5, and a mix of other kit. All are fun to drive, brilliantly designed vehicles. And, like many

conversations these days, the chatter eventually turned to electric vehicles and what they might promise for the future. None of us on the trip have one yet, although some have driven, and there is a temptation for the future. I actually have little doubt that there's going to be an i-Bimmer in our garage at some point later in the decade, although it won't be replacing the F87 M2 or the E30 325e. Some things are expendable while others are sacrosanct!

We also used this as a chance to celebrate a birthday in our midst, which is always fun. And then almost on cue, while driving home we blitzed past a new BMW iX. Nice looking ride, we concluded. For another year. For now, we'll just revel in the fun and let the electrons dance around us.

**The Tarheel Banquet and Annual Meeting
in Gallery at VIR on
April 22, 2023**

In spite of the bad weather, our 2023 Banquet was a success. The event was well-attended with over 100 people present.

It was an honor and pleasure to have as our guest speaker, Joe Marko of HMS Motorsports in Mooresville, NC. Joe is a supporter and member of the Tarheel Club. The title of his talk was ***“Motorsport Safety: It’s Come a Long Way, But There is a Long Way to Go!”*** He spoke and showed video of safety issues in several historic racing accidents in NASCAR, IMSA and INDY and of the many improvements made as a result of extensive study of these accidents. We want to thank him for the donation of his time to speak at our event.

Our emcee, Danny Staley, entertained us all with keeping the program for the evening lively. Our President, Paul Dunlevy, recognized and thanked all of those who volunteer to serve our club in many different capacities.

The Business Meeting included reports from various individuals including Tom Tice on High Performance Driving Schools and Street Survivals, Mike Hinkley on Club Racing and Danny Staley reporting on the elections from earlier in the year. Board Members elected included: Paul Dunlevy- President, Maria Strine – Secretary, Jon Strine – Membership Chair and Brenda Dunlevy – Activities director

The food, fun and fellowship were particularly enjoyable. We thank all of those who helped put the event together and all who attended.

The Tarheel Club would like to thank all our sponsors and supporters for their generous endorsement of our club this year and all the past years. We especially want to thank the following supporters for the generous gifts they donated for the door prize raffle:

Bimmer Performance Center, BimmerWorld, BMW CCA, BMW of Greensboro EuroEnvy, HMS Motorsports, Korman Autoworks and Tuttle Motorsports.

Swinging in the Rain

The forecast for April 8, 2023 in the Research Triangle Park Region turned out to be “mostly moist”, with a zero percent chance of sunshine. Perhaps not ideal for a Bimmer adventure, but for the Dining Club with a Driving Problem, this was but a minor inconvenience. The pollen season has effectively abated, the gentle rains provided a cleansing of the air, and the traffic was virtually non-existent. All that combined with temperatures that dropped 30 degrees over the past two days, to provide a nearly perfect late spring day to get out and stir some oil. The rains effectively spiked our original plan for stopping in Wilson to visit the Vollis Simpson Whirligig Park, which is a wonderful place to be on a sunning and windy day. Heavy rains would have made this a nightmare, so we took the time instead to explore some of the finest country roads in the jaunt between Raleigh and Rocky Mount.

While the weather also depressed the participation of the Roundel Faithful a wee bit, we still had 13 people and eight Bimmers ready to strike out on the four wheeled equivalent of a slip ‘n slide. With a tour of farm country in our sites, we lit the go buttons shortly after 10am and headed east. The group included a pair of X3M40’s, an E36 M3, an E46, and an F87 M2. A great collection of cars to roll though Wendell in parade formation as we headed out toward the tiny burg of Middlesex. The roads in that part of the world are gently rolling ribbons of asphalt that split fields of wheat and cotton, with fallow ground now ready for the next crop of tobacco and beans that are just starting to break out of the ground and race toward the skies. The rains have the wildly varied shades of green even more vibrant than normal now, with the combination of nature settings and agricultural progress looking as if there had been some sort of explosion at the Crayola factory where the green crayons are spawned. Amazing to absorb, even while trying to work out the prop-

er lines through the high-speed turns.

From there, we blitzed north in order to circumnavigate Lake Royale, in the hill country around Bunn, Justice and Spring Hope. Rolling into this area provides for wide open spaces where the chance to break the surly bonds of suburbia clearly come into play. The break-in period for our X3M40 is now in the rear-view mirror, so the chance to pop it into sport mode, and play with the floppy paddles, was a source of endless smiles. The Big Six has massive power and torque, with impressive binders at the ready too, making it the perfect vehicle for tickling your performance fancy. Punch the throttle, flip the paddles, stab the brakes ... rinse and repeat. Miles of smiles to be enjoyed.

The April showers are clearly bringing out flowers now, and we don’t need to wait until May to enjoy them. While the flowering trees are largely done now, the azaleas have now exploded into full view, with whites, pinks, reds, and purples everywhere dotting the Carolina landscape. In addition to that, the trees are now closing in on “full leaf” mode. Beyond just being generally pretty, this also creates a sense of a canopy over the country lanes we traversed. This is a great type of tunnel vision to have, to be sure!

Eventually, we made our way into Rocky Mount, an old mill and agricultural town, in Nash County. The town likely had its heyday at some point in the first half of the 20th century, but of late has been on something of a rebound as the old mill areas have been reclaimed to create tech hub and event spaces that are both interesting and inviting. The Rocky Mount Mills area has been reclaimed to become the home of multiple microbreweries, art galleries, event spaces, and is now the new venue for an epic steak house / barbeque joint called The Prime Smokehouse.

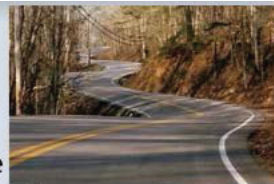

Almost as if the event had been planned by Germans, we arrived at 11:59am for a noon reservation. On cue, the staff greeted us and made us welcomed in front of a stage that was set up for a jazz band's appearance at some point. Great setting with both the musical motif and some wonderful artwork all around the joint. The wonderful environment was just a prelude to a fantastic meal. In addition to brisket and all manner of smoked meats, the steaks and seafood options were simply outstanding. This led to an in-depth discussion of side dishes, of course, and the discovery that yams and sweet potatoes are in fact very different delicacies. Google searches helped to clarify the differences although, in reality, they both taste great. For the record, the yams were stunningly good as a balance against the brisket. This really is a dining club with a driving problem!

All too soon, it was time to think about the ride home. Hopes that it would stop raining were dashed when we looked outside, however, as the gentle rains of the morning turned to more persistently damp conditions. Still, once we paddled out of town, we found ourselves back on some wonderful, traffic-free, byways that invited some additional apex hunting and corner carving on the way home. The X-Drive performed brilliantly as we made rooster tails dance across the countryside as we raced toward an opportunity to get home, make more coffee, and settle in by the fireplace. All in all, the very definition of a fantastic day. ~Robert McIsaac

We can't wait to share these bikes and cars with you, and to tell you their stories!

Fall 2023 M Club Day

Big Fun @ BMW Performance Center!

What and Where:

- Each year, the Tarheel and National Capital BMWCCA Chapters sponsor major events at the BMW Performance Center in Greer, South Carolina. These events give us access to the facilities and the instructors at a remarkable location ... at a deeply discounted price. This school is a special program designed by the Performance Center staff specifically for our chapter members.
- The price (\$750 / person) covers the training sessions ... and the use of current model ///M Cars for the event. M2's, M3's, M4's and M5's were the highlight of the adventure in 2016, 2017, 2018, 2019 and 2020. We expect more of the same for the coming year. Best of all perhaps, is the opportunity to have a great learning and driving experience while using someone else's Gas, Tires and Oil!
- Remember the old adage that "no car is faster than a rental!"

When:

- The **fall** event(s) are on October 28th and 29th, 2023 (two separate events)
