

Fellow Tarheel BMW CCA members:

I want to bring you up to date on the status of our chapter and the results of our recent election.

Regrettably due to the continuing risks associated with COVID, we cannot hold our annual meeting again this year.

We did hold our election for Board of Directors members and the following members were re-elected for new two year terms:

Brenda Dunlevy for Activities Director

Jonathan Strine for Membership Chair

Karen Seymour-Blood for Secretary

Paul Dunlevy for President

We were able to conduct three High Performance Driving Events at VIR this past year. Operating under guidelines published by the National Board of BMW CCA to insure the safety of all participants, substantial modifications were made to our operating procedures. Thanks to our great team that puts these events on, we were able to host a significant number of participants this past year.

Our Street Survival Program was completely scrubbed for the year per BMW CCA's directives.

Tarheel's Club Racing program has been able to operate throughout this crisis and also conduct some schools to provide new racing blood into the program to both grow and sustain it. In early April this year our Club Racing School at VIR had 28 students and the following Club Race had 80 racers. This was a fantastic turnout for both events.

Thanks to our outstanding Area Coordinators, we were able to have some local events operating in compliance with our state mandated guidelines. We took some drives, met for meals, did some tours and still stayed safe while enjoying our BMWs and our friends.

As you have been reading in our Footnotes, our membership has been staying fairly constant with only minimal losses throughout the pandemic.

Our FOOTNOTES newsletter has been published every month and has provided us a great history of all of the activities of our members throughout the year.

Thanks to the great team of volunteers who work to keep our Chapter the great organization that serves a large and varied membership and interests, we are financially strong. These resources allow us to engage in many activities all around the Chapter. The calendar of events, even as we are constrained by the COVID restrictions, still show a lot of things to do. Check your FOOTNOTES for details.

The Tarheel Chapter is well respected throughout the country not only for what we do but also how we do it.

As always, we are looking for your thoughts, ideas and willingness to volunteer to help make our organization better for all of the membership. Please feel free to reach out to your local Area Coordinators or any of the board members.

Paul Dunlevy,
Your President
