WRITTEN & PHOTOGRAPHIC CONTRIBUTIONS to the FOOTNOTES are welcome and encouraged. Please send a self-addressed stamped envelope if you would like your discs or photographs returned.

EDITORIAL DEADLINE is the 1st day of each month prior to the publication month, i.e. February 1 for the March issue. The Editor reserves the right to edit for length and appropriateness. Articles and classified advertisements may be mailed, or emailed to the Editor's attention.

The **FOOTNOTES** currently reaches over 2,900+ people throughout North Carolina, the USA and Europe.

#### Advertising Rates:

Display Ads: Full page \$90, one-half page \$55, and onequarter page \$28. All rates quoted are per issue. Discounts for contracts paid in advance: 15% off – 12-month contract, 10% off – 6-month contract, and 5% off – 3-month contract. All advertising must be coordinated/approved by Kenyata Thomas 313-778-3859. Rates are for ads run consecutively and all ads must be paid in advance. Ad copy must be submitted camera ready. All copy which must be altered or prepared for publication will result in the advertiser paying standard commercial rates for any work deemed necessary by the Editor.

Such A Deal advertising is free to all Tarheel Chapter members. Ads submitted must not be longer than 40 words, not including name and telephone number. Ads submitted which are longer will be edited to suit our space limitations. Ads will run for three months only. Commercial advertising is not accepted in the such a deal section.

**Non-Members** can advertise in this section for a flat fee of \$5 per issue (checks sent to Club P.O. Box). The same 40-word limitation plus name and telephone number applies.

We appreciate the support of our advertisers, and while their ads' presence in the FOOTNOTES does not necessarily imply endorsement or approval by the TARHEEL CHAPTER, we do encourage our members to consider our advertisers for the products and services they offer.

The **Tarheel BMW** List provides a casual, online forum for chapter members to discuss BMWs and BMW CCA events and related topics of interest to local members.

To begin getting the Tarheel BMW List, send an e-mail to tarheelbmw-subscribe@topica.com (make sure you send the email from the email address that you want to receive the list messages), or contact list administrator Frank Massaro at fmarch@mindspring. com for assistance.

### **ON THE COVER:**

### **MEMBERSHIP** CORNER

**Fighting the Cold at Rolex 24:** If you weren't able to attend this year's Rolex 24 race out in Daytona, Florida, we hope you were somewhere relaxing and warm. Earlier this year, fans from all over the world gathered at the tracks in their warmest gear accompanied by warm drinks spiked with their preferred libation to keep the blood pumping. When we met at Turner Motorsports garage, you could not help but think "how the cold would impact the race and was this year going to be the coldest?".

The challenge this year was indeed trying to get the horsepower to the ground. Michelin alone provided nearly 13,000 tires to this year's race. As the cars get a new set of tires on every pit stop, and they stop plenty in a 24-hour race, those tires will be cold and hard and not ready right away to provide handling and traction.

The three-time sports car champion and owner of Wayne Taylor Racing has won the most prestigious motorsports events around the world as a driver and team owner. As a driver, Taylor won the Rolex 24 at Daytona twice so he is no stranger to the ever-changing weather conditions.

He shared that for this year's event the team actually spent more money on gear to keep people warm than on the tires!

This month, we'd like to give a warm Tarheel welcome to **31** new and returning members and associate members. This brings our total chapter membership to **2903!** Our membership is the life71blood of the Club. Without your participation, there would be no Club. We offer a wide variety of activities, and welcome the opportunity to get to know you better at some of these events. We encourage you to contact your Area Coordinator to find out about local dinner meetings and other ways to get involved in YOUR club. Come join us, you'll have a great time!

# We are the Tarheel Chapter

Providing a warm and beautiful place for BMW enthusiast.

When a small group of BMW enthusiasts formed the Tarheel Chapter in 1974, their vision was ambitious – to be a drivers' club serving BMW fans across the entire state of North Carolina. From that first gathering of a few dozen BMW fans, the Tarheel Chapter has grown into a highly active, diverse and financially stable organization of almost three thousand members and associate members throughout North Carolina, adjoining parts of SW Virginia and all over our nation as well as Canada.

Managed by a Board that draws on the experience and talents of members from all walks of life, and organized into a number of regions served by dedicated Area Coordinators, the Chapter is set up, first and foremost, to ensure that the benefits of membership in the BMW CCA accrue to all members, regardless of their interests and motives in joining the Club. A major factor in achieving this goal is our diverse activities program. Chapter-wide, it includes a highly successful, well-attended HPDS series, featuring three schools annually at our home track, the world-class 3.27-mile Virginia International Raceway (VIR); a series of popular driving tours along the Outer Banks and in the Smoky Mountains, which raise funds for charitable causes; numerous open houses hosted by BMW dealerships and independent shops; and special events such as the Annual Club Outing at the annual Club Race at VIR. And we are arguably one of the 'racingest' chapters in the Club, with close to one hundred licensed Club racers in our midst.

We have hosted some of the best-attended National events – Oktoberfest 2000 (jointly with Peachtree and Sandlapper Chapter) and Oktoberfest 2005 (a Tarheel-sponsored event) – and have supported a BMW CCA Regional event, the wildly

2 TARHEEL CHAPTER FOOTNOTES

popular Vintage gathering, Vintage at the Vineyard, since its inception. We also actively participate in the Club's Street Survival program, annually hosting several young driver clinics at various locations throughout our state.

Our Annual Meetings-cum-Banquets take place at sites that rotate from year to year so as to put them within reach of members throughout our far-flung geography. Our ten Area Coordinators stay in constant touch with members at the local level, hosting monthly dinners and social gatherings at BMW dealerships.

To keep members abreast of all that's going on, our newsletter, the Tarheel FOOTNOTES, has been published monthly without a break for the past thirty years. It reaches our membership in a hard copy version and via our website. Its success is in large part due to the loyal support of some twentyplus advertisers, most of them either BMW dealerships or independent BMW shops whose owners and staff often join in our activities as sponsors and

participants.

In short, we are proud to be the Tarheel Chapter. Or as the late great Yale Rachlin once said, we are truly a "warm and beautiful place" for BMW fans.

### ROBERT MCISAAC Looking for More...ince '74 The bond between father, son, and Bimmers.

The BMW CCA, to great fanfare, recently celebrated its 50th anniversary with a big bash at Oktoberfest at and around the BMW Performance Center in South Carolina. A great time was reportedly had by all who made the trip to be part of the experience. Travel commitments on my end precluded making the Big Trip in October, so we experienced the whole thing vicariously by reading the recent, terrific, articles in The Roundel. While reading the latest issue, however, I realized that there's another big anniversary that we're celebrating this year: The Tarheel Chapter was founded 45 years ago by a small and illustrious group in Greensboro. That got me thinking about all the water that has gone under the bridge, or perhaps a better metaphor would be miles under the tires, in the intervening years.

From there, I was led to a delightful interchange with unofficial historian Paul Hoecke who has, along with a few other hearty souls, been around since the beginning. Accessing the far reaches of memory, Paul shared a few key bits, including a recollection that the organizational meeting was on March 17, 1974. It consisted of 15 BMW enthusiasts as required the BMWCCA, ensuring that a charter would be forthcoming. The first FOOT-NOTES issue came out in April, and in May, the first driving event, the Raleigh Rally, was held. It started at Crabtree Valley Mall which was still under construction. The second chapter meeting was held at the conclusion of the rally. The minutes recorded 25 paying members, and that National President Parker Spooner was there to meet the officers and determine that we were for real. What were people driving? No great surprise that the preponderance of Bimmers were the then new 2002's, along with a few Bavarias, and one of my personal favorites from the way back machine ... a 700.

All this historical context was terrific. It also got me thinking about what I was driving in 1974, my own connection to BMW's, and made me wonder what others were doing at the time. Assuming you can remember back this far, what was your ride like?

In 1974, I was a senior in high school, had just met my best friend and future bride, and was living in NJ. It would be 21 more years before Karen and I made it to NC for the first time. Still, BMW's were already part of my "experience". In 1971, my father upgraded from a '68 Karmann Ghia drop top to a freshly issued 2002. My first reaction in the dealership parking lot was not good ... in fact I remember thinking that he must have lost his mind swapping the open-air cruising of a poor man's Porsche for what appeared to be an oddly shaped econo-box.

The first drive cured my skepticism. As we went screaming around the local byways I was immediately aware of what David E. Davis, in his classic Motor Trend article from April, 1968 was talking about when he said "Turn Your Hymnals to 2002". Even now the lines are classics to read. For example, he said "Depress the clutch. Easy. Like there was no spring. Snick. First gear. Remove weight of left foot from clutch. Place weight of right foot on accelerator. (continued on page 7)

### (continued from page 6)

The minute it starts moving, you know that Fangio and Moss and Tony Brooks and all those other big racing studs retired only because they feared that someday you'd have one of these, and when that day came, you'd be indomitable. They were right. You are indomitable". In fact, my Dad was indomitable. You couldn't be around that car without having a laugh out loud good time.

Unfortunately, she came to an inglorious end on an icy road when an American land-yacht collected it a few years later. It took a while to replace, but in March of 1984 he bought an exquisite E30 / 325e. That car currently has 260k miles on the clock and was the subject of a restoration a few years ago. It remains LOL brilliant.

But, back in 1974, I couldn't have imagined buying a Bimmer. What I could imagine was a good handling, and very good looking, sporty car: my 1966 Corvair Monza was an absolute blast to drive and a far better handling machine than the "big cars with big engines" that my friends had at the time. There was always something I found attractive about the high beltline and big greenhouse of the Corvair, along with the complete instrumentation in the well laid out cockpit. My Dad spent a good bit of time showing me how to be quick in the Corvair, benefitting from his days pushing rear-engined VW's close to their limits. It was much, much, later that I realized that many of the design characteristics of the Corvair, which appeared in the Paris Auto Show in 1959, carried over into the BMW Neue Klasse cars five years later and eventually into both the 2002 and the Bavaria. In reality, putting a late model Corvair and a CS Coupe next to each other, makes them appear to be the Twin Sons of Different Mothers. I still have fond memories of the three I owned back in high school and college.

It took me until 1977 to buy my first BMW, which was of the two-wheeled variety: a slightly

used 1973 R60/5 that became my pride and joy for many years. Today, when I think about it, that's the personal one that got away. I'd love to have that Beemer back for old times' sake!

So, the Tarheel Chapter has been around for 45 fun-filled years. Karen and I have been members for 11 of them and are still doing the same things we did in NJ all those years ago: looking for adventures that allow us to get out on great country roads, look for treasures hiding around the next apex and spending time with great people that enjoy a combination of driving and dining. I still get a kick out of my Dad's old E30 ... and am now enjoying a new "preservation" project with a 1997 M3. Our oldest grandson is already spooled up to spend time at VIR. Recently, when he saw a video of me navigating an M5 around the track at the Performance Center, he provided this encouragement: "Go faster Pop Pop, Go faster!!!". Indeed.

So back in 1974, those looking for more, clearly found a great way to connect in the Tarheel Chapter. It just took some of us longer to become members. No matter how, or when, you got here ... life is clearly Better in a Bimmer!

### Virginia International Raceway (VIR)

### From the Desk of Paul & Brenda Dunlevy

For several years, we (Brenda & Paul Dunlevy) have organized and hosted the BMW CCA corral at Virginia International Raceway (VIR) for the running of the IMSA series of races. This has involved negotiating with VIR for the tent size and location, the meals and costs, and other organizational activities. We have also carried Tarheel's PA system our fans and generator and set it up as well as assorted flags, banners and etc. Another task we have undertaken to keep costs down for our attendees is to procure water, drinks, and snacks for our guests. These we have transported up to VIR and distributed as required throughout the event.

Unfortunately, experience takes its toll. With almost 160 years of experience between us, we can no longer handle some of the physical aspects of this enterprise and we need help. This would involve transporting the PA system, acquiring drinks, water and snacks and transporting them to VIR, and distributing and replenishing them during the event. We can still help with negotiating and organization.

We have asked our friends at the National Capital Chapter (NCC) for their help with these details but we have had no success thus far.

If you are interested in assuming some of the responsibilities of this event, please contact **Paul Dunlevy** (pauldunlevy@icloud.com) and/or Brenda Dunlevy (bedunlevy@icloud.com) for details or questions.

### BMW CARS FOR SALE:

1984 BMW 318i Manual 5 speed with less than 70,000 miles. This car has had a top end rebuild, a new clutch, new driveshaft (with flex disc and trans mount), new brakes, new control arms (with mounts & bushings), new fuel pumps and all maintenance records are available. It comes with good Hankook tires and 14" basketweaves (the original bottlecaps wheels are included). The exterior is delphin grey over beige interior (all original). It is set up for track day fun with rear seat, radio, and a/c delete (all parts come with it to reinstall if so desired). The car runs great and has had a recent tune up to include valve adjustment (with cover gasket), distributor rotor and cap, spark plugs and wires, air filter, and oil/filter change. Many spare parts included. Price is open for discussion - I'm thinking \$5,000. Call Howard at 828-726-4026 for more information and pictures.

2004 BMW 330ci Good condition. Purchased 2017 with 165K miles from a BMW mechanic friend. Currently has 191,000 miles. Improvements and repairs since mid-2017 (about \$5000 worth) Replacement auto trans (Steptronic w/53K miles in 2017) Transmission cooler, fluid, fluid lines Oil filter stand gasket Crankcase ventilation system Intake manifold gasket Radiator, lower radiator hose Thermostat, coolant Coolant Expansion Reservoir Drive belts, idler pulleys NGK spark plugs Front brakes, rear brakes, front rotors Control arm bushings Front struts Engine oil level sensor Oil thermostat Duralast battery (new Nov 2018) Transmission fluid thermostat (April 2019) Stereo system, new door speakers Guibo & driveshaft support replaced (Feb 2021) Bimmer Logic\* Transmission mounts replaced (Feb 2021) **Bimmer Logic** Crankshaft position sensor replaced (Mar 2021) Bimmer Logic Rear trailing arms bushings (both) (May 2021) Bimmer Logic Oil pan gasket replaced (\$1200)/new motor mounts (Oct. 2021) Bimmer Logic \$2000 obo. Winter tires on Style 68 (same as original) rims (Blizzak 205/17) \$300. White exterior, tan interior. All lights and gauges work. Car was rear-ended in 2019, minimal sheet-metal damage, but since the repair would have exceeded the value of the car, it was declared a write-off. New bumper was installed. Title indicates value. Three keys. \*Bimmer Logic is an Asheville BMW shop just off Airport Road. Luke is owner/head mechanic. Other work performed at various Asheville indy BMW garages. VIN WBAB-D53444PL10106
