ON THE COVER:

Keepin’ the Roundel Turning:

We had to move the September dinner back by a week to deal with an “administrative conflict”, but that certainly didn’t keep us from having a great time at the Farina Neighborhood Italian in North Raleigh. We had a great turnout with 9 Bimmers and 18 of the Roundel Faithful coming together on a delightfully cool, early fall, evening.

Keepin' the Roundel Turning

Gearing up for Hans Muth in 2023

After the obligatory tire kicking and story telling, we descended on the waiting staff and had the opportunity to experience a terrific culinary experience. Hard to be anything in the parmesan family when looking for a fine meal of course. And the wine list remains solid, come to think of it.

We had a long discussion about upcoming events. We have a surprisingly full fall, with multiple visits to VIR complementing trips to other parts of the Old North State that are potentially hiding in plain sight.

One event for 2023 deserves particular notice. Hans Muth is a famous designer who worked for BMW for many years, being associated with iconic designs that came on both 2- and 4-wheels. He even produced a design book which is amazing reading ... if you can read German! I was fortunate

2 TARHEEL CHAPTER FOOTNOTES

enough to meet Hans over the past few years and we're working on the idea of having him visit North Carolina in May.

Many details to be worked out yet and, as he noted, "when you're 87 years old, next Tuesday sounds like long term planning!". Nevertheless, he is working with us on the specifics for a trip which would have him join us in Raleigh for a weekend, then join us on our adventure to Charlottesville, VA. Support for the effort is coming from Leith BMW, the Bimmer Performance Center, Garcia Moto, BMWMOA, BMWCCA ... and others.

Hans Muth Comes to North Carolina Master Designer For BMW Comes to The Old North State! **This is all tentative. Plans Still Under Development**

- What: A chance to meet and spend quality time with [Hans Muth](#). And to celebrate 100 years of BMW motorcycles ... 50 years of the M-Division.
- Who: Hans Muth is a world-renowned designer who has been involved in a wide array of BMW efforts including both cars and motorcycles. He is credited with designing some of the most significant vehicles to ever wear a roundel. His work in the 1970's is widely credited with saving the Beemer division of BMW. At 87 years young, he continues to operate a design studio in Stuttgart to this day!
- When: We are working to finalize a visit to the Raleigh, North Carolina, over the weekend of May 6th and 7th, 2023. For details, connect with Rob McIsaac at Raleigh.BMWCCA.Activities@gmail.com or 919-880-8012.

High Performance Driving School 2022 Recap

Recognizing Our Amazing Students and Contributors

It's hard to believe another year of High Performance Driving Schools (HPDS) has come to an end for Tarheel Chapter BMW CCA! Our chapter is so fortunate to have an amazing team of dedicated volunteers who organize and run these events for us. And, our drivers and instructors together make our events some of the best anywhere. Reading the evaluations we get of our event makes that observation fact, not mere opinion.

Our first school of 2022 was April 22-24, on VIR's Full Course. The weather was pretty agreeable, with temperatures in the mid-80's and bearable humidity. We had 148 students, including 12 A+ drivers. From our instructor cadre, 88 gave their time, effort, and quality coaching and guidance. VIR's Full Course is a fabulous combination of right turns, left turns, connected turns, blind turns, uphill, and down-

hill. It has been rated as one of the top 6 in the country by respected automotive publications, and every one of our participants got the idea!

Our summer school, the second of the year, took place on VIR's North Course. It was hot outside – VIR, after all, is in the southeast part of the country. Temperatures hovered around, and sometimes above, 90 degrees. To say our participants didn't need sweatshirts was an understatement, given the customary humidity in this part of the country! We had 72 students in attendance, including 6 A+, and 49 instructors gave their best shot at guiding drivers around the technical North Course.

We held our Instructor Training School (ITS) at this event, and we are very proud of our 8 graduates: Duncan Lauder; Rich Abraham; Aaron Nauman; Stephan Baugh; Charles Calkins; Glenn Campbell; Taylor Ward; and Paul

Lippner. Kudos to our mentors who worked with these candidates and helped them to the ITS graduation podium: Steve Whitcomb; Allen Patterson; Victor Manning; Chris Powell; Bob Chrystler; Rob Koch; Gilbert Reynolds; and Rich Goodin. April Curtis facilitated the classroom portion of ITS. On Sunday of this school, most of the graduates picked up students to put their new instructor skills into real-world use.

We always have expectations that the weather for our fall school will be relatively kind, and our event on the Full Course, September 16-18, didn't disappoint. The humidity took a hiatus, and temps stayed in the low-to-mid 80's. We welcomed 150 students, including 13 A+. In addition, we had several racers preparing for the SCCA run-offs, not too long after this school. A good turnout of 87 instructors came to ride with students, coach them, and improve student skill levels.

Some of the notable occurrences in this event: Joyce Mitchell-Antoine ran her first event in her new-to-her 2001 BMW 330i. It was so wonderful to see Joyce out there, getting more and more comfortable. Joe Holzer, after an absence of several years joined us again in his 2007 Corvette, nearly breaking the sound barrier as he roared down the front straight. Kevin Nierle has run with us for several years, and now – to our delight – his daughter, Katelyn, continued building a solid track habit in the E30 325is.

Here at Tarheel BMW CCA, we are so brilliantly supported by our HPDS team. I can't even guess the collective number of years' experience this team has – my calculator doesn't go up that high. I am happy to recognize them here and pat them all on the back for the fine job they do:

Great Balsam Run

A Misty Wet Ride Through the Balsam Mountains

Birch and his '88 535i

The inaugural Great Balsam Run, named for the route through the Balsam Mountains of the Blue Ridge, welcomed a small group of nine hearty souls, who had to contend with a fair amount of precipitation. It was one of those days in the mountains with flash flood warnings for the valleys, compelling me to make back-up plans to include shopping after an anticipated driver meeting of one. But oh no, some folks saw that the rain would be subsiding for a few hours, and expected we would have a window to find out what all this Great Balsam Run hub-bub was about.

Completed in record time to avoid the last of the showers, the driver meeting included Club members from Tarheel and Smoky Mountain Chapters. A majority were members that had never participated in a Tarheel event, or hadn't for many years. We welcomed one junior participant, who, while splashing in the puddles, didn't see any reason why the rain was an issue.

The eighty mile route, which partially encircled Cold Mountain (of motion picture fame), included some of the best curvy roads in the Asheville area,

Our Lead Driver Signing Autographs

<http://www.tarheelbmwcca.org>

routes 151, 215, and 276. As predicted, the precipitation did subside, however we still encountered light rain and mist, which slowed the drive to a Porsche pace. On the bright side (no pun intended) there was no traffic to contend with, and the heavy rains earlier that day provided for an impressive Sunburst Falls viewing (I know, ironic name). The view from the top (of the Blue Ridge Parkway) was, well ... not much of a view, but provided opportunity for a stretch before the final leg of the trip.

Arriving at our culinary destination, Quixote Restaurant in Brevard, spirits remained high and stomachs were ready. We raised our glasses to a successful day and vowed to return again. We love this route, and know that others would have loved it even more on dry pavement. We will do this one again next year, so watch for the second annual Great Balsam Run announcement and come join us!

RALLY ROUND JORDAN LAKE

Visiting the Carolina Exotic Car Club

For the first time during the 2022 driving season, we faced the prospect of mostly moist weather for our planned Rally Round Jordan Lake. Since a "rain date" seemed unlikely to get this drive in before next year, and given that the windshield wipers on the X3M40 seemed to be fully operational, we soldiered on with our "rain or shine" mantra. We need not have worried. While we had a few light showers along the way, they proved to be of little consequence. In reality, the gray skies made for better picture taking, further proof that our bier stein remains half full at all times. And that's no foam.

Today we were presented with a special, one might say epic, treat. Thanks to Chris de la Rocha of Hagerty Insurance, we were invited to join him at the Carolina Exotic Car Club facility in Raleigh. This isn't the dealership, which anyone can visit, but rather the by-invitation-only storage facility / museum / service center

that is hidden away in a near secret and rarely disclosed location. Recognizing just how special an event this was, we had 32 cars and more than 50 people (we lost count along the way!) join us for an amazing tour of the facility.

A membership here is like a golf club; join for the annual fee of \$3k and you can come in the building whenever you want, host events there, enjoy the well-stocked bar and in the near future take advantage of a steakhouse menu. Periodically, the air is also graced with the magical smell of unburned hydrocarbons and slightly burned Castrol in equal measure. Today that was provided when an early 70's Porsche 911-T exploded into life on the show-room floor.

Drinking in the aroma makes one wonder why someone hasn't bottled it and created a new line of aftershave lotion.

(continued from page 14)

With all of that, we are still trying to figure out how to make a membership into a legitimate business expense.

The CECC floor was “stacked” with magical machines from across the years. Porsche 356, 911 and Speedsters were well represented, as was Jag, Triumph, Packard and Lincoln. Anything with a V-12 seems to get special attention. BMW was represented by both a lovely 2002 and an Isetta from 1959.

Ironically, there was a lot of eye candy in the parking lot too, with beautiful Bimmers enjoying the limelight with modern day Porsches and at least one Aston Martin. The adrenaline rush as the cars were lit off in the parking lot was pure magic, which no doubt helped overcome the lightheadedness from inhaling all the Castrol. After drinking lots of coffee and the obligatory pit stop to deal with the aftermath of that decision, we were ready to roll.

The blast out of Raleigh on I-540 was both quick and blessedly short. A speedy exit onto state and county roads had us blitzing around the eastern side of Jordan Lake. A meandering route over the appropriately name Beaver Dam Road eventually led us to the actual dam on the lake’s southern end. Beavers had nothing to do with this beauty of course, which turns out to be a great location for a picnic on the bluffs looking over one of NC’s premier water sports venues.

We had no time to dawdle, however, since we had a date at a Bier Garten for lunch. Our path eventually turned north, wandering past some beautiful farm country. The corn stalks are all brown now, the tobacco taking on a stunning golden hue as it waits the final push on harvesting. Beans and sweet potatoes

seem oblivious to the shortening and cooling days, however, continuing to robustly blanket endless acres in dark green.

As we headed north to Pittsboro there were ample opportunities to periodically dip into the loud pedal, inducing delightful surges of torque from the X3M40s prodigious powerplant. The whole drive by wire experience means that the engine room is never confused about what should be happening next and the delightful cracks and pops from the exhaust on downshifts can be mesmerizing. So much so, in fact, that we almost missed seeing the Carolina Tiger Rescue. Why is there a Tiger Rescue in North Carolina farm country? We have no idea, but it seems a question worth answering one of these days.

But not today. The next stop was the marvelous Brier Creek Beer Garden where a wall of taps was waiting to wash the dust off weary travelers. To be fair, there wasn’t any dust, and we really weren’t that tired, but they were ready if we were! It is always entertaining to call a place like BCBG and let them know that we are planning on popping in for lunch with a few mates. How many, they ask. Somewhere between 30 and 50 generally begets a moment of silence on the phone. This time, however, they immediately said “no problem”. And they were right!

The beer was amazing, the food terrific, the atmosphere perfect after a spirited adventure. This is a place we will clearly return to at some point in the future. We are, after all, a “dining club with a driving problem!”. And yes, the rains did come to wash us down on the ride home, but by that point no one really cared! This was one for creating great memories with good friends.

Fall 2022 M Club Day

Big Fun @ BMW Performance Center!

What and Where:

- Each year, the Tarheel and National Capital BMWCCA Chapters sponsor major events at the BMW Performance Center in Greer, South Carolina. These events give us access to the facilities and the instructors at a remarkable location ... at a deeply discounted price. This school is a special program designed by the Performance Center staff specifically for our chapter members.
- The price (\$750 / person) covers the training sessions ... and the use of current model ///M Cars for the event. M2's, M3's, M4's and M5's were the highlight of the adventure in 2016, 2017, 2018, 2019, 2020 and 2021. We expect more of the same for the coming year. Best of all perhaps, is the opportunity to have a great learning and driving experience while using someone else's Gas, Tires and Oil!
- Remember the old adage that "no car is faster than a rental!"

When:

- The **fall** event(s) are on October 29th and 30th, 2022 (two separate events)

Next Steps

BMW CARS FOR SALE:

2014 Z4 sDrive 35i, 6 speed manual transmission, Alpine White/Coral Red leather powered and heated seats, brushed aluminum trim, de-badged, 49,091 miles, Xpel protective film, garage kept, no accidents, excellent condition: \$34,000. Contact Alex Kordis: 757-818-0888

BMW PARTS FOR SALE:

HRE FlowForm FF01 7 spoke mesh wheels Liquid Silver color. Fronts are 19x8.5 ET30. Rears are 19x10 ET40. Wheels are in very good-excellent condition and are \$2,900 new. Tires are Michelin Pilot Sport 4S. Fronts are 235/40R19. Rears are 265/35R19. They were new last May for \$1,328.84 and have very low miles. Only parting with these because I have sold my 2015 BMW 435i. Call Mark in Pisgah Forest at 828-885-7747 or 414-322-1069.

e90 M3 Schroth Racing Harness, 4 point attachment, uses stock mounting for an easy install. Only used 6 times, but date code is 2015, so may not work for a racing application, but great for a track car or street car while on the track. Belts remove easily and stock seat belts remain functional. Retail value over \$400, my price \$200 plus shipping. JGCo-24 TARHEEL CHAPTER FOOTNOTES

chrane1968@gmail.com

B2 open face helmet size XL, SNELL 2020 rated, so good for an additional 8 years +/- . Used only once, paid \$225, selling for \$125 plus shipping. White with a black lining, check it out at B2Helmets.com, or I can send a picture. JGCochrane1968@gmail.com

Style 89 wheels, fully refinished in chrome to new condition. 19". Front, 9" and Rear, 10". Bolt 5x120. These wheels were an option for the E65 7 Series but will fit other BMW's (I advise you to verify). I planned to put them on my Z8, but spacers were required. They will fit! Email for pictures. \$1,600 obo. Local pick up in Charlotte, I'll consider short delivery distance, or buyer to pay for shipping. smiley.w.michael@gmail.com
