## ON THE COVER:

### A Time for Caring

The start of a new year for the dining club with a driving problem is always an exciting time. In the past we have gone to the planetarium on the UNC campus, spent the weekend at a vineyard in the Sandhills Region, and enjoyed a Porsche as Art exhibit at the NC Museum of Art. His year, however, thanks to the efforts of Kellie Bradley, we focused on giving something back to the community we live in.

## MEMBERSHIP CORNER

This month, we'd like to give a warm Tarheel welcome to 52 new members and associate members in December and January. We had a small gain in total chapter membership to **2793!** Our membership is the life blood of the Club. Without your participation, there would be no Club. We offer a wide variety

of activities and welcome the opportunity to get to know you better at some of these events. We encourage you to contact your Area Coordinator to find out about local dinner meetings and other ways to get involved in YOUR club. Come join us, you'll have a great time!

# BMW Car Club of America Tarheel Chapter

## ON THE COVER:

Twenty-eight of the BMW faithful arrived at the Food Bank of Central and Eastern NC headquarters in Raleigh. Despite the unseasonably cold temps, the hearty group was ready to make an impact. The facility, which is managed overall by the good people at Food Lion, provides a critically important lifeline for many families in need. The year-end holidays and winter weather combine to elevate the needs.

The work of our group was a welcomed contribution to the overall effort. Many hands do, in fact, make for light work. We know how fortunate we are in **TARHEEL CHAPTER FOOTNOTES**

our own experiences and for a group of friends to get together at a charity event makes the outcome ever sweeter.

Having completed the day's work, the Roundels were refired and the group headed over to the Shuckin' Shack for a terrific seafood dining experience.

After the chill of the warehouse, the chance to enjoy some actual heat was very much appreciated. Even as the ambient temperatures threatened to break out of the 30's it was nice to feel the warmth of the sun streaming through the windows and into the chilly digits.

These are terrific community contributions which we hope to do once per quarter for the balance of 2025. Life is truly Better in a Bimmer.

## Charlotte Christmas Dinner

The Charlotte Area 1 holds monthly dinners at the Waldorn German Restaurant in Pineville. We often meet ahead of the scheduled time and grab a beer at the bar.

The December dinner is always special as we hold a Dirty Santa gift exchange. Each person is given a number in sequence and picks a gift or is allowed to steal a gift already chosen. A gift can be stolen 3 times before it's safely procured.

The theme this year seemed to be Lego BMW models. That was better than the year of the flashlights... Other gifts were seen from BBQ sauce to tools to automotive cleaning supplies. Attendance was down from past years, but a good time was had by all.

If in Charlotte area, please join us for the monthly dinners in the future. It's always the third Thursday of the month, at 7pm.

## CALL FOR NOMINATIONS

Fellow Tarheel Members, it is election time again. We hold elections for half of our elected board every year and now is the time. Nominations are open at this time for the following positions:

### 1. President

Secretary

Activities Chair

Membership Chair

2. Please review the job descriptions listed below to determine if you are interested in helping our chapter continue to be the great organization that it has become.

President:

The President shall have overall management responsibility for the conduct of all business affairs and activities of the Club, with the advice and consent of the Board; shall preside at all meetings of the Board and of the membership at large; and shall report to the membership on the general state of the Club at the Annual Meeting, and at such other times as the Board may request.

Secretary:

The Secretary shall maintain minutes of all meetings, provide the Communications Director with condensed minutes suitable for informing the membership of the work of the Board, carry on all inter-Club correspondence, keep all current Club records except as otherwise specified herein, and perform such other duties as the President or Board may assign. The Secretary shall maintain all records as required by law and insure transfer to any elected replacement.

Activities Chair:

The Activities Chairperson shall be responsible for planning and coordinating an active and orderly program of events and activities for the general membership of the Club, in accordance with and conducive to the purposes of the Club as set forth hereinbefore. The Activities Chairperson shall ensure that each region of the Club, however defined, is served by at least one "Area Coordinator" as defined in Article XII of these Bylaws. The Activities Chairperson shall be responsible for providing Area Coordinators with any support that enables them to carry out their plans and activities; for representing them before the Board; and for keeping them up to date on Board activities.

Membership Chair:

The Membership Chairperson shall be responsible for the conduct of all Club affairs specifically pertaining to or concerned with Club membership, including but not restricted to, the active and orderly pursuit of member recruitment and retention; working jointly with the Activities Chairperson and all event organizers on communications and other means of promoting member recruitment and retention as part of Club activities; and the conduct of all communications with Club members pertaining to their membership status in the Club.

3. Nominees must be Tarheel BMW CCA members and must confirm their acceptance of the nomination. Nominations must also come from Tarheel members.
4. Along with acceptance, each candidate should provide a statement as to why they should be elected to the nominated position.
5. All nominations, candidate statements and questions should be directed to Allen Patterson at [s38power@hotmail.com](mailto:s38power@hotmail.com).
6. Ballots will appear on our website with submittal instructions in March.

## NW Region Attends Rolex 24

6 loyal and faithful car nuts attended the 24 hours of Daytona this year. All of us are members of the NW Region of the Tarheel BMW CCA and this year stands out for BMW in that BMW took 4th in GTP #24, 4th in GTD Pro #1, and 5th in GTD class.

There is more to that story, but let's just leave it at a quite exciting race and finish and high hopes for BMW as we go through the 2025 race season! Hope to see you all at the race track this year or Daytona 24 next year.

*~by John Cochrane*

After 24 hours of racing and coming into the final laps there were "minor" incidents that knocked the #24 BMW and the #1 BMW off the podium, somehow I suspect that these were not minor incidents to the BMW race drivers! The BMWs were able to keep pace, with lots of staying power, which is a great positive for the rest of the race season. It was interesting to see the #4 Corvette that finished second in GTD Pro give that single finger salute to the BMW car at 180+ miles per hour! Seems like racer rage vs road rage, but after 24 hours anything can happen.

## 2025 Rolex 24 at Daytona

The BMW CCA national team does a corral at the Rolex 24 Hours of Daytona each January. I decided to attend the corral for my third time since 2015. They had 80 attendees this year. For my trip down, I had decided to stop in Charleston on the way for a few nights since I hadn't been there in a while. Little did I know they'd get 3 inches of snow overnight! Thank goodness for winter tires. I safely arrived at my hotel Wednesday evening prior to race festivities.

Corral parking this year was just outside the main grandstand. Fortunately, it was right next to a tram stop to take you to the infield fan zone area. Thursday I was on my own. I first visited all the manufacturer display areas. BMW was well represented with the new M5, an M4 CS, the brand new X3, and several other vehicles on display.

Next up were race qualifying sessions. The GTP RLL BMW #24 qualified fastest of the race with a blistering 1:35.9 lap. The #25 car had an issue on track and was placed last in class for the race.

Friday was the 4-hour BMW Endurance Challenge race with the GS and TCR classes. But first up was a meet & greet at the Turner Motorsports paddock. They gave a nice discussion of the race cars and team efforts to prepare them.

We then headed to a special presentation. Bobby Rahal was presented with a brand new M5 Touring to serve as the Grand Marshal for the race.

It was then time for the afternoon race. Besides seeing the M5 Touring on track, new BMW M5s were the safety cars. Interesting that they have 720 HP and the race cars only 450. Of course they weigh half that of an M5. BMW was well represented with 5 M4 GT4 EVO entries. Unfortunately, being a brand-new car, the cars were given a base BOP and weren't truly competitive. The Turner 95 car was best, finishing 11th in the race

The BMW CCA hospitality tent opened first thing Saturday morning. I got there early and was fortunate to receive a hot lap ticket. I quickly got over to the IMSA tent and signed in. Mike Renner and Matt Mullins had arrived with their BMW Performance Center M3s. I rode with Matt on an exciting lap around the Daytona road-course. We hit an effortless 160 mph down the back straight, but the infield was just as exciting with several high G corners!

Next up was the driver introductions and pre-race festivities. I then headed over to the hospitality tent for lunch and to watch the start of the 24-hour race from our Pit Road Patio seats. Buy my favorite spot for photos is the International Horseshoe turn 3. I spent much time there but headed back to the tent for dinner and a Q&A session with the BMW M division executive team. They openly answered a lot of questions regarding the future direction off the M models. Hint, ICE, hybrid and pure EV models are all in the pipeline for production consideration.

Then it was back to turn 3 and to the grandstands for nightfall photos. There were several caution periods but soon it was back to action. It was getting quite cold so once the fireworks ended at 10:30, I caved and headed back to my hotel, totaling 5.4 miles walked for the day!

By Sunday morning, several BMWs were still in contention for podium finishes or even overall victory, but a race incident dropped the #24 back a lap, finishing 4th overall. The GTD Pro race between the Paul Miller BMWs and the Corvettes was even more interesting. The Corvette team felt the #48 BMW, while several laps down was blocking to allow the #1 BMW to pass. Contact ensued between the cars, knocking the rear bumper of the Corvette loose.

With 30 minutes to go, they were still fighting for podium finishes and the Corvette pit maneuvered the #1 BMW as revenge, spinning it out, causing a loss of position down to a 4th place finish. Despite the crazy ending, all and all it was an exciting race and fun event.
