ON THE COVER:

Having owned several German cars over the years, including a 318 and a 325i, and two BMW motorcycles, when I saw a post regarding a weekend drive through the South Mountains and the Blue Ridge by a group of BMW enthusiasts it grabbed my interest. That and the fact that my wife and I have a 2001 BMW Z3 3.0i. I decided to contact Dave Hurwitz and see if my wife, Joan and I might tag along with the club. He very kindly put our names on the list.

When I read that the route included the length of Old NC 18 through the South Mountains, one of the best stretches of three dimensional two lane blacktop in this end of the state we knew the run would be fun. The thing is, we live on Old NC 18 and are very familiar with that road and virtually every piece of two lane for miles in any direction. However we live just outside Morganton, a mile from the rest stop where the Charlotte folks were to gather after driving the length of Old 18. That stretch can be a challenge, especially on Sundays because the sport bike boys have long since discovered it.

We were sitting in the parking lot of Mull School when the first group pulled in. Everyone welcomed us to the excursion, and we welcomed them to our part of the world. After a brief respite we took I-40 West from exit 104 to exit 86 where we rendezvoused

with the second group of cars. From there we drove 221 to 226A, one of the best winding Blue Ridge roads in Western North Carolina with a 2000 foot climb from the 226 turnoff up to Little Switzerland. The traffic is always very light and there is hardly twenty feet of strait pavement from the valley to the Blue Ridge Parkway.

There were many sections of new pavement where Helene repairs have been made, but overall the road is in very good condition. We met for lunch at the Little Switzerland Café which is a good spot for a rest and the food is good.

The group headed back down 226A and we headed over to Linville, hopped on the Parkway and drove 181 down the mountain and home.

Having had several sports cars and motorcycles, I can say that driving the back roads around Morganton is well worth the drive up from Charlotte. They all seem to be in good condition and the traffic is light. It's almost as if the engineers at BMW designed these roads for we German performance car enthusiasts to enjoy. Come up and join us!

Roanoke Area Fall Drive

Our Fall Driving Tour to Monterey, Virginia will take place Saturday, October 18th. The meeting time and place will be 7:30 AM at the Park & Ride at the intersection of I-81 and VA 311 near Salem, VA. Our route will take us to the Swinging Bridge restaurant in Paint Bank for a second breakfast, Humpback Bridge west of Covington, Falling Spring waterfall north of Covington, the Homestead Resort in Hot Springs, the recently restored bathhouses at Warm Springs, and if we have time: the remote village of Blue Grass before arriving at High's Restaurant in Monterey, VA for lunch.

If this tour seems familiar, it's because we planned on doing it last November (2024). The trip had to be cancelled due to snow in the forecast for Bath and Highland counties that weekend. Let's keep our fingers crossed for a nice sunny top-down October day this year!

Please let me know by Wednesday, October 15th if you would like to participate. I'll need to know the number of people in your party so I can make the appropriate arrangements at the restaurants. I will send detailed information about the tour to the participants on the Thursday before the event. Feel free to respond to this email or call me at home if you have any questions.

Scott Donaldson, Roanoke Area Coordinator, Tarheel Chapter, BMW CCA, 540-953-2565 (home).

Apple of Our Eye

On October 7 the Triangle Area of North Carolina's Tar Heel Chapter kicked off the fourth quarter with an epic drive to the bucolic small town of Cedar Grove. Well on the way to the Virginia border, this is an area of intense agricultural activity in The Old North State. The surrounding countryside is beautiful all year long, but with the arrival of fall it is particularly stunning. We are closing in on the height of the foliage changes, with the hardwood trees now showing bright yellows, reds, and oranges to complement the eternally green pines. It doesn't get a lot prettier than this.

Once again, we met at the local BMW Dealer in Raleigh. Thanks to GM Sean Beach, we were greeted by a delightful breakfast spread with bagels, turnovers, fresh fruit, and large quantities of coffee. We were also treated to a perfect weather day, with stunning blue skies, light wispy clouds, and temps in the mid-60's. Perfect, in other words, to fire up the Bimmers and go apex hunting.

All on, we had 17 cars and 34 of the Bimmer faithful set for a big day. Road boss for the day, Steven Perkins, laid out an ideal route to take full advantage of the country roads while avoiding anything that carried even a whiff of super-slab highways. That gave us all a chance to dip into the loud pedal periodically while enjoying a trip that at times felt like we'd drifted through a time warp into

1940. The long distance award for the day's festivities went to Mary Marshall, who made the journey all the way from Charlotte to be a part of the action.

We had a nice collection of Bimmers from across the years, including an E36 drop top, a Z3M, a trio of Z4's, and a large collection of X3M40's. We headed out in two groups to minimize the "parade lap" sense for the adventure and encourage the notion that getting a little bit lost is just fine. In fact, part of the fun is getting lost, so you can get found again!

The target of our affections for the day was "The Botanist and the Barrel", a local place that specializes in making all things from apples. Their cider, hard and soft, is a treat for the palette. We accidentally arrived just as their annual Apple
<http://www.tarheelbmwcca.org>

Festival was getting started. One wonders what the local farmers thought when squadrons of BMWs descended on the place and grabbed all the best parking! It was game on for fun and food.

Wandering past an array of apple cider donuts we stumbled onto a spot where they were making brick oven pizza! It turns out that a pizza and a gallon of cider is a great way to ease the pangs of hunger that emerged from all the fresh air motoring.

We enjoyed the best seats in the house, under awnings that protected us from the sun while allowing the gentle breezes to waft through. The wood fired pizza oven emanated a delightful “smell of fall” aroma. Then a local Blue Grass band kicked things into high gear, providing a lovely soundtrack for a red-line sensory experience. The combination of
TARHEEL CHAPTER FOOTNOTES

a standup bass and a mandolin, plus a brace of folk guitars, and a Might Sax, was festive indeed. A great time was had by all.

Eventually it was time to head for home. The good news was that we had a two hour hop in front of us, and the mighty X3M40 is the perfect tool for making country byways into a delight to the senses. The B58 engine has an exhaust note that is one of the best things to ever come out of Munich. Snap, crackle, and pop. As icing on the cake, we had some cider left over to enjoy with the afternoon’s fading sunlight. Life really is better in a Bimmer.

Drive on!
